

RIVIERA

HAND CRAFTED BY AUSTRALIA'S MOST AWARDED LUXURY YACHT BUILDER

NEW 77 ENCLOSED FLYBRIDGE  
THE FLEET'S FLAGSHIP

## NOW GOING TO GREATER LENGTHS

The brief was simple: create the largest, most luxurious and technically advanced Riviera ever. For our international designers, engineers and craftspeople, it was an invitation to express their talent and creativity like never before - and they responded magnificently.

The creation of our new flagship was the opportunity to capitalise on decades of boat-building experience and the lessons learnt from having crafted over 5100 luxury vessels. The Riviera 77 Flybridge has also been developed at a facility that houses some of the world's most sophisticated marine technology, including the latest Computer Assisted Design software.

Craft of this calibre are clearly destined for the fortunate few - and typically those with very discerning tastes and a wealth of boat-ownership experience.

The task of impressing those not easily impressed meant rigorously inspecting competing craft from all corners of the globe and simply, asking how could we do it better? With greater comfort, a better build, superior performance, more standard inclusions... we believe we have excelled in every category.

We hope this introduction inspires you to step aboard and discover the Riviera 77 Enclosed Flybridge for yourself.

## A SAFE HULL AND A SENSATIONAL RIDE

The safety, comfort and performance of any vessel is contingent on the design and manufacture of the hull, and this is particularly important with large, long-range vessels as they are more likely to encounter big seas and challenging conditions.

The Riviera 77 falls into the serious long-range category (the 9,450 litre / 2,496 US gal fuel tank is a testament to this) and we have created a hull that is more than up to the task.

It is a hand-laid structure featuring solid fibreglass below the waterline and a watertight collision bulkhead forward; and the extensive use of lightweight, cored bulkheads and stringers and throughout the hull provide exceptional structural integrity with minimal weight. Issues of durability and access for maintenance have also been carefully considered in this models development.

## GENEROUS AND INGENUOUS – A VAST ARRAY OF OPTIONS AND FINISHES TO CONSIDER

If there is one question that characterises Riviera, it is "how can we make your boating experience more pleasurable?" And the answer has never been more richly expressed than on the Riviera 77 Enclosed Flybridge.

You expect a freshwater-maker, but maybe not one that delivers 284 litres (75 US gallons) per hour. Of course, your utility room would come with a washing machine and tumble dryer but an optional temperature-controlled wine cooler may come as a surprise.

With five Bose entertainment systems and LCD TVs, who watches what, where and when will never be an issue. With three independent air-conditioning units, keeping your cool shouldn't be a problem either. You might also appreciate the four built-in vacuum cleaners or even the abundance of rod storage compartments.

How sensible it is to have contemporary vinyl flooring in the galley and flybridge, how pleasing to have European design light fittings and, for the technically minded, how reassuring to have such sophisticated power control and back-up systems.

The quality of the stainless-steel exterior rails and smooth finish to the welds; the perfect, mirror-like gloss of the internal timberwork; the advanced bow thruster or state-of-the-art trim tabs... wherever you look we have anticipated your needs and catered to your every comfort with thoughtful design, impeccable craftsmanship and superior technology.

## MAKING MORE OF THE GREAT OUTDOORS

The cockpit is a spacious and flexible playground for you, your family and friends. However, the clean, unencumbered styling conceals a host of smart features.

Fishing enthusiasts will be pleased to know that the floor is reinforced with an alloy plate for a game chair and, in addition to several storage bins, an optional live-bait tank can be fitted in the transom. Toe kicks are also moulded into the bottom of the coamings.

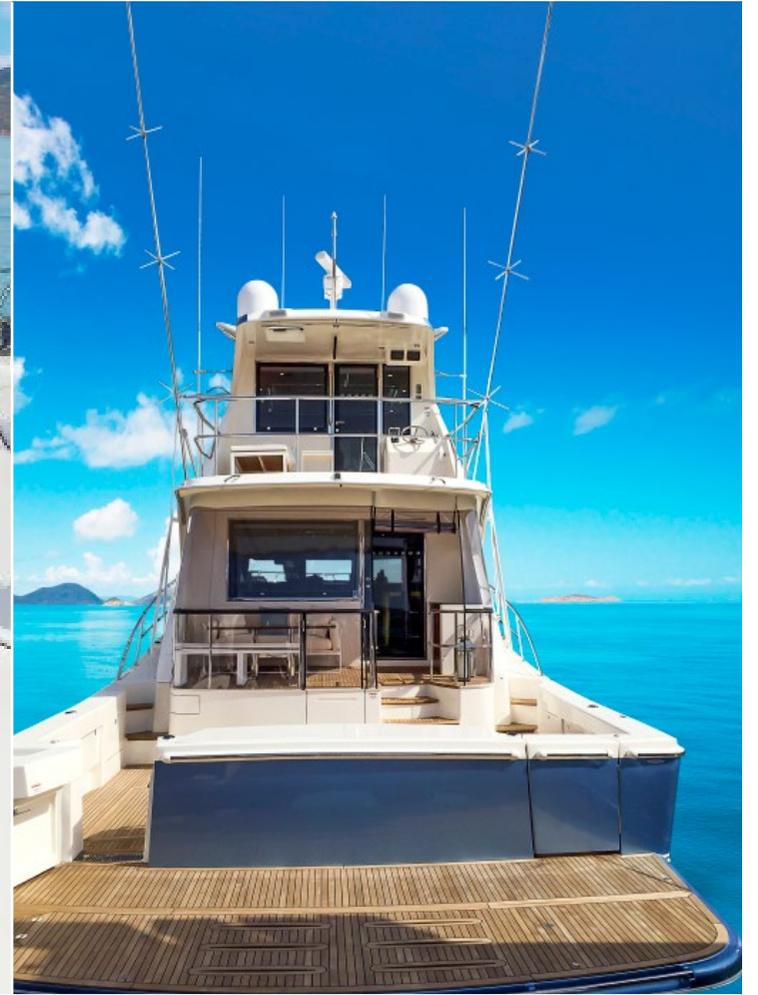

For alfresco dining, an optional barbecue centre can be located in the transom which also contains a sink, rubbish bin and storage for barbecue utensils.

The luxurious aft-facing lounge on the mezzanine level is an ideal position for watching the fishing action or to simply relax with a cocktail. There is also the option of a mezzanine dining deck with opposing lounges and dining table.

Other little inclusions like a hot and cold freshwater shower and courtesy foot lighting make life in the cockpit as free and easy as possible.

For serious sunning or maybe quiet contemplation, nothing beats the sense of space and freedom on the massive foredeck. A recessed area in the deck can also accommodate a tender, making it more secure and less obtrusive from the side profile.

## A FLYBRIDGE TO LOOK UP TO

With its stunning views, lounge-room comfort, first-class entertainment system and wet bar, you will rarely be alone in the flybridge – especially given the ease of access thanks to the internal stairway from the saloon.

A large L-shaped lounge, plus ottoman, offers supreme comfort within and outside an aft deck lounge provides comfort and distant vistas without. There's also an aft deck docking station complete with Edson steering wheel, engine and thruster controls.

If your party wants to party, the flybridge is well equipped with an icemaker, refrigerator and glass and bottle storage unit. Guests can also join you at the helm courtesy of two Pompanette Platinum companion chairs – that is in addition to the skipper's electrically adjustable Pompanette chair.

Three massive pantograph wipers and freshwater washers ensure optimum visibility through the forward window and there is the option of opening side windows if you are a fan of fresh air. A huge electrically operated sunroof also enhances that delightful indoor-outdoor ambience.

The helm features comprehensive electronic instrumentation and vessel controls together with ample space for your factory-fitted customised equipment. Riviera offers the full range of electronics, from fishfinders and chartplotters to underwater lights and GPS systems.

However, the compass, VHF radio, intercom system and feed for cameras in critical locations are all standard.

## OUR VERSATILE INTERIOR DESIGN AND LAYOUTS

Welcome to a thoroughly modern saloon, one in which light and space and subtle styling produce an atmosphere of ease and understated elegance.

Huge side windows, an outward opening door to the cockpit and a large awning-style window above the cockpit mezzanine contributes to this light and airy character.

Electrically operated day/night blinds and creative lighting also allows you to set the mood.

Lazing on the enormous leather-clad lounge watching a movie on the large LCD TV, or listening to your Bose Lifestyle audio system, you are truly in the lap of luxury. And a liquor cabinet complete with fridge and icemaker is at hand should refreshment beckon you.

Those with a culinary flair will appreciate the latest appliances in the galley, along with granite benchtops, a built-in water purifier and copious amounts of cupboard and draw space.

Given that this is a galley in which you can create truly gourmet fare, it is only appropriate that it is eaten in style. The elevated dining area has its own relaxed ambience and features a large, beautifully finished dining table and eight freestanding, leather-upholstered chairs.

If your definition of the good life revolves around sharing leisure time with the people closest to you, there is no better environments more conducive than the Riviera 77.

## STATE OF LUXURY STATEROOMS

Depending on your choice of cabin configuration, the 77 offers accommodation for up to 10 people in four cabins – all in exceptional comfort.

The full-beam Master Stateroom is unashamedly indulgent. It starts with a king-size walk-around bed complete with a latex mattress; there are his and hers walk-in wardrobes with cedar lining and automatic lighting; there is even a two-seater couch, a writing bureau and, for your entertainment, an LCD TV and five-speaker sound system.

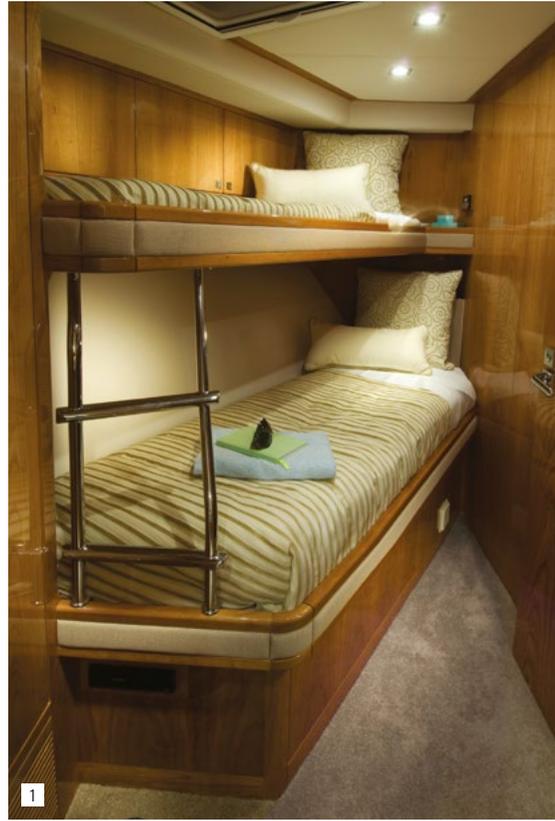

There are numerous pleasing little touches too, such as the deep plush carpet, full-length dressing mirrors, reflective mood lighting around the bed, and the inclusion of a safe for your valuables.

Every cabin has an its own en suite with the port cabin also serving as a day head.

As you might expect, these are no ordinary bathrooms. Here you will be treated to quality quartz floor tiles, contemporary marble vanity tops with porcelain bowls; the toilets are all full sized, freshwater models; the shower stalls have modern, frameless glass doors; the shower and tapware is of the highest standard; and every en suite has a heated towel rail.

It is this relentless obsession with detail, with quality, with good design, with making your boating experience the best it can possibly be, that makes the Riviera 77 simply the finest boat in its class.

1. Optional forward cabin arrangement with twin, two bed cabins that are ideally suited for crew as both cabins can be accessed via foredeck hatches. 2. Forward VIP guest stateroom arrangement. 3. The day bathroom/ guest cabin. 4. The starboard VIP guest cabin in two alternative arrangements. 5. Custom port guest cabin. In this configuration featuring three single beds. 6. Full beam master suite. 7. The Master Stateroom ensuite.

## A SAFE HULL AND A SENSATIONAL RIDE

As for performance, this is a dream hull. It is as racy and responsive as it is robust and reliable. Features like tunnels that house the propeller shafts contribute to a lower shaft angle that delivers impressive thrust, is quick to plane and offers a smooth, dry ride.

There is a number of engine options for the 77 so the choice is really somewhere between exhilarating and absolutely thrilling.

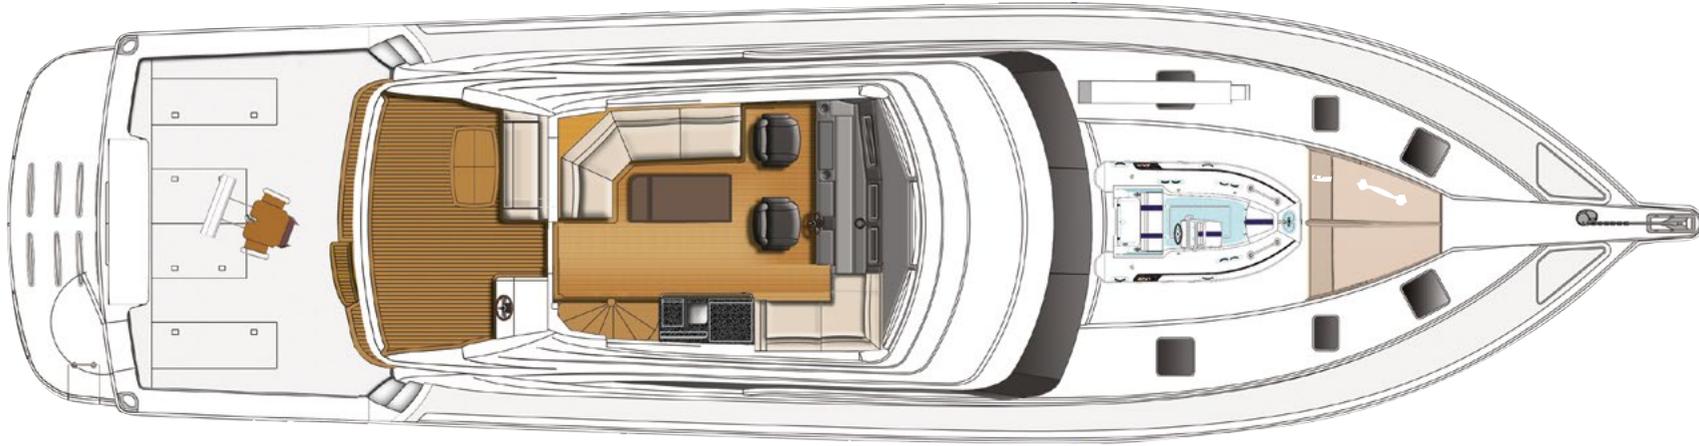

1

2

1. The engine room is an engineering masterpiece. Excellent access to all machinery and systems has been a key design consideration. 2. The forward pump room is located beneath the companionway.

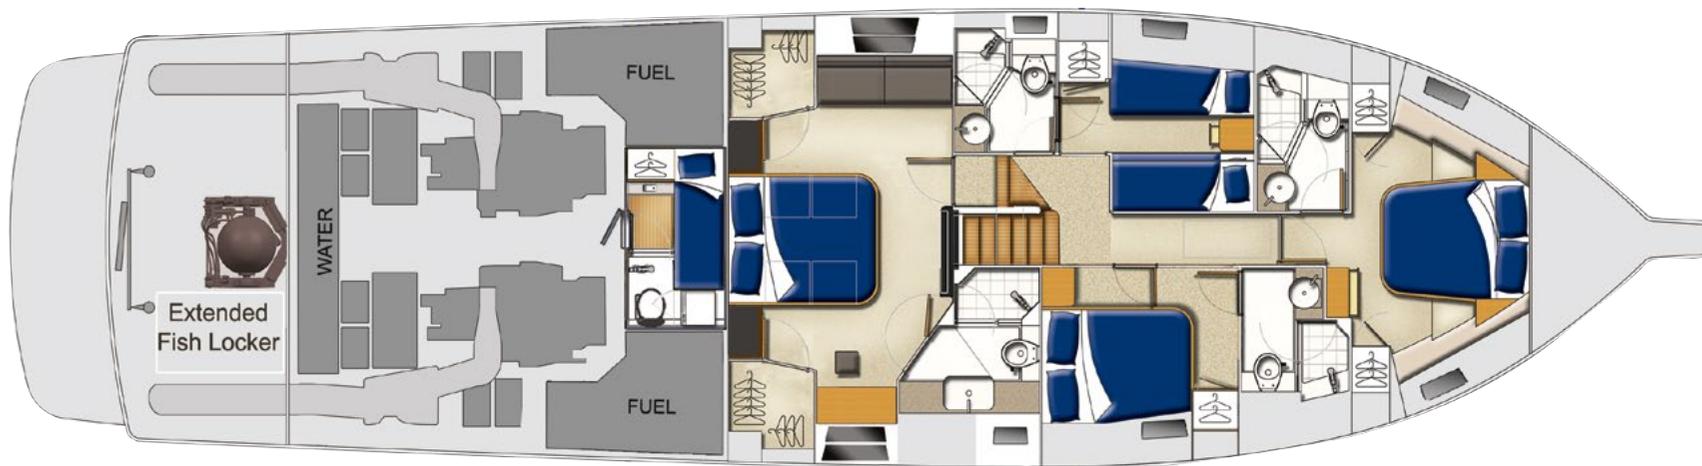

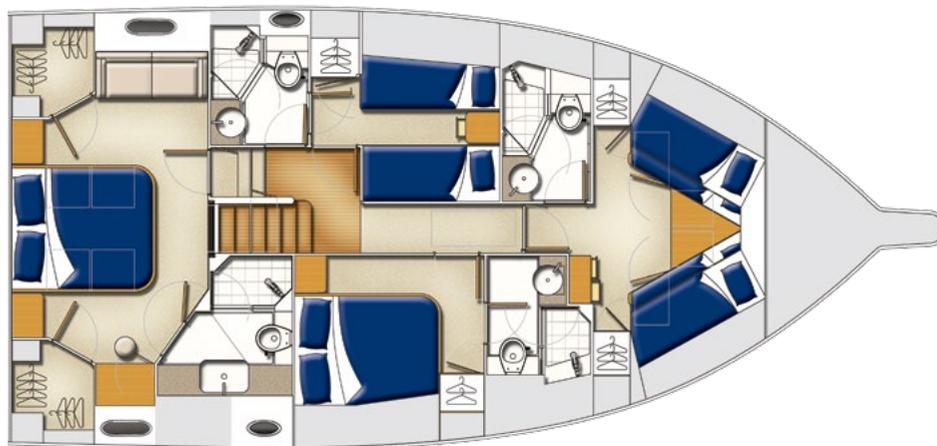

Optional tender and davit

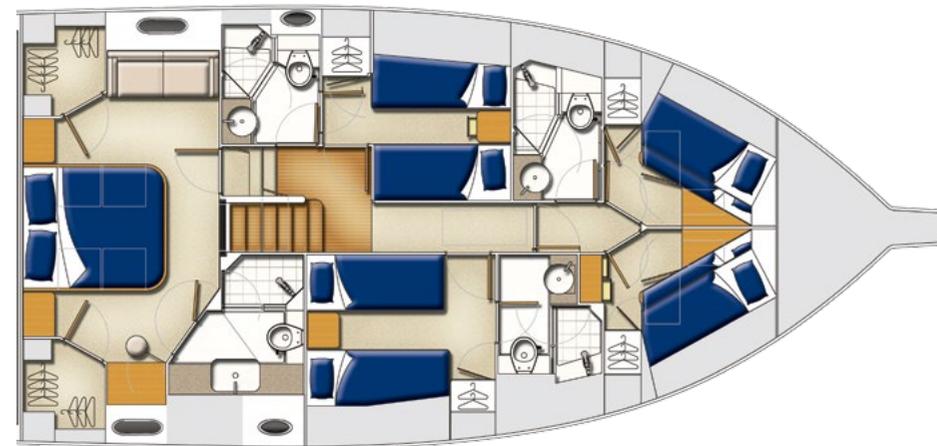

Optional sunpad

Optional crew cabin

Optional starboard guest VIP cabin with double bed

Optional forward cabin with 4 bunk beds

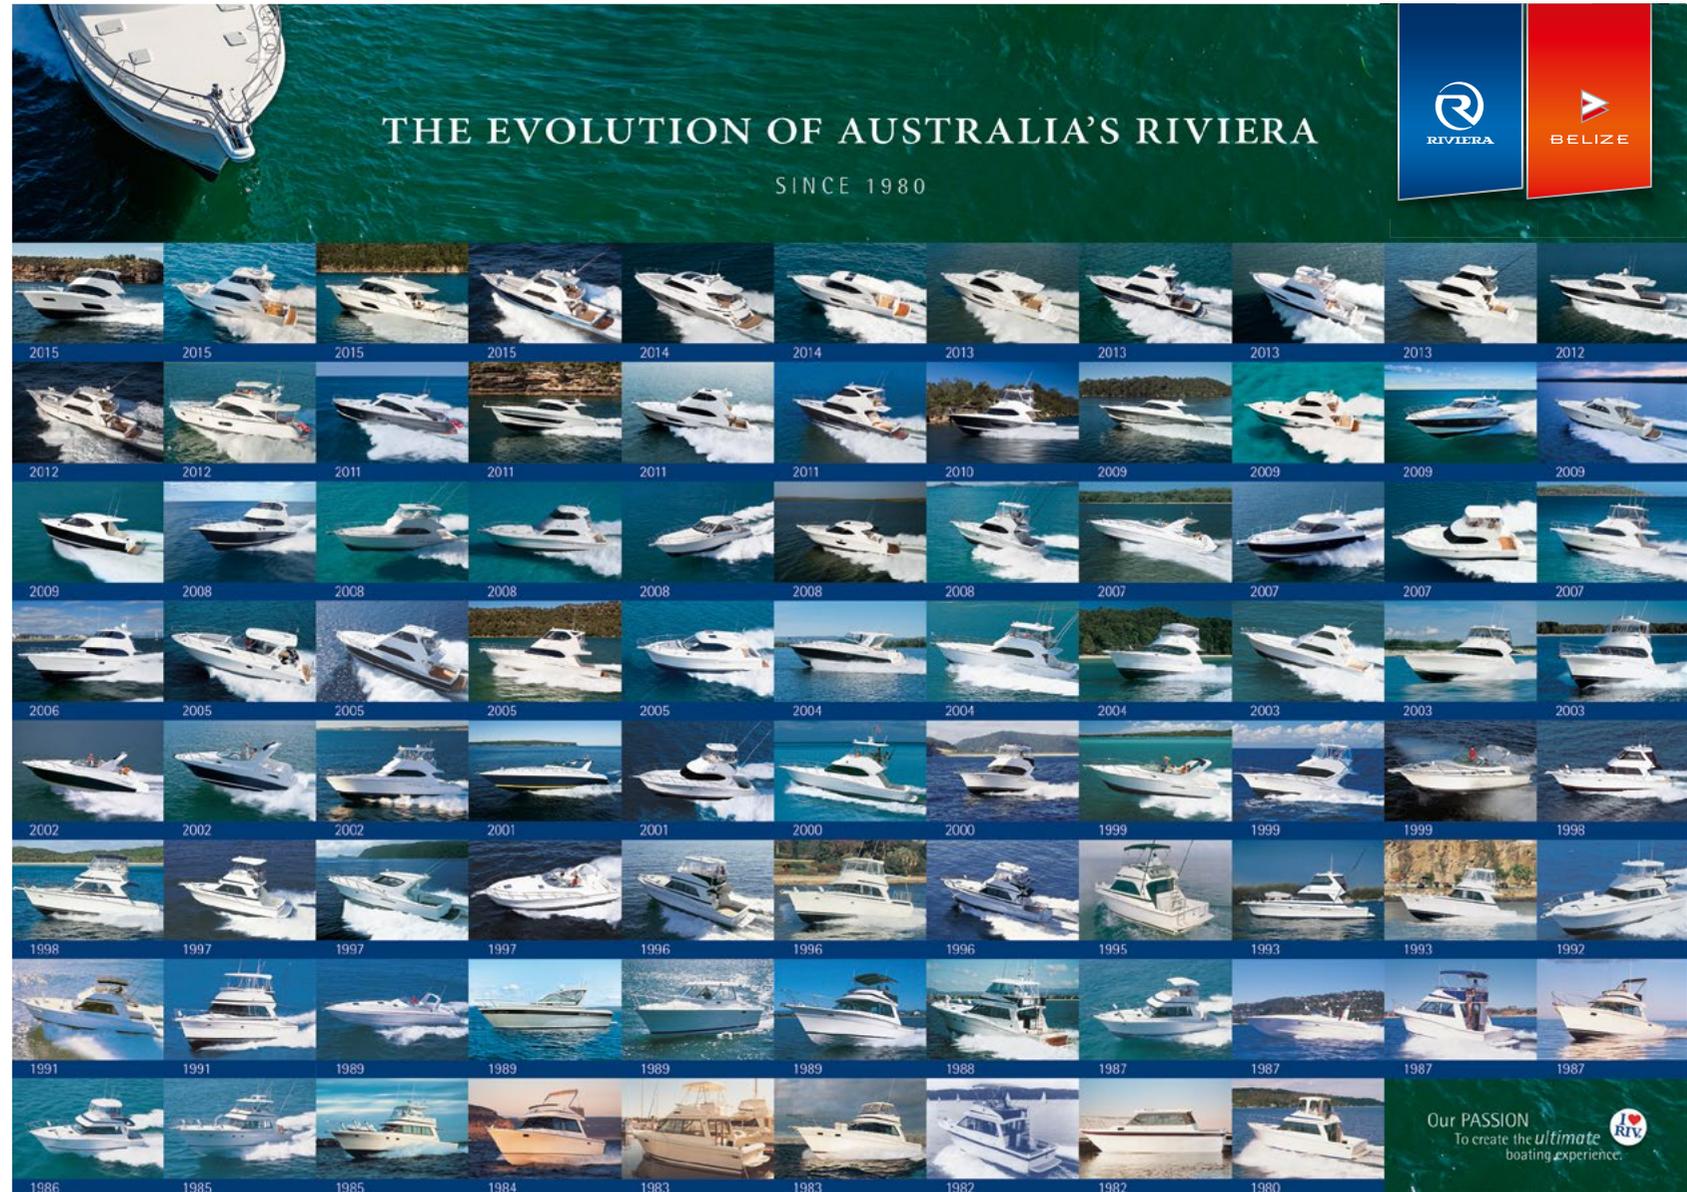

## CRAFTED WITH PASSION

Riviera is an Australian success story and a major international marketer of luxury pleasure boats. Our growth over more than 35 years has resulted in a company that today creates and manufactures five individual model collections and supports an international dealer network that spans more than 60 countries. We are also Australia's most-awarded pleasure boat manufacturer.

The secret of our success is an absolute commitment to quality. Be it our 480 strong team of people, our work practices, materials, tools and technology, environmental responsibility or after-sales service, we are rigorous in pursuing the highest standards.

Our craftspeople consult world-leading naval architects, engineers and designers. Our employment and training practices have also earned us many local and national awards.

Riviera operates the largest luxury boat building facility in the Southern Hemisphere which boasts some of the most sophisticated technology available.

## AWARDED FOR EXCELLENCE

Riviera's vast collection of industry awards is a reflection of the pride and passion our master craftsmen put into every model in our premium range of Australian-built luxury motor yachts.

The home of Riviera. The 14 hectare state-of-the-art manufacturing facility on the Gold Coast in Queensland. This is the largest facility of its kind in the Southern hemisphere.

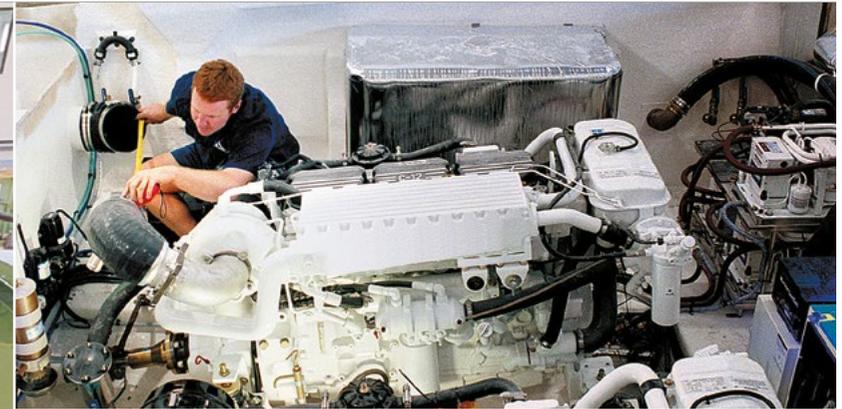

## RIVIERA'S ETHOS INSPIRES CONFIDENCE

The quality of our service is commensurate with the quality of our boats and is something about which we are extremely passionate. The experience of purchasing your Riviera, from the selection of the electronics and décor to the regular service and maintenance, will all be carried out reliably, promptly and smoothly. In fact, you can count on us, and our global dealer network, for the life of your boat.

It is this consistent quality that has created Riviera's enormous and ever-growing international appeal.

Today there are over 5,100 Riviera luxury yachts located right around the globe.

A sensational and growing choice of models, an impeccable pedigree, excellent value and outstanding service: now more than ever, Riviera's reputation for quality with integrity inspires confidence in boating enthusiasts the world over.

The growing Riviera global network of dealers now spans 60 countries. Find a dealer near you at [RivieraAustralia.com](http://RivieraAustralia.com)

ELECTRONICS

Electronics play an ever-increasing role in the pleasure, performance and safety of luxury boats, and the choice of equipment that is available today is vast. In fact, selecting the equipment that meets your needs can be a very challenging task. R Electronics is here to help: we source the best systems and products from around the world; we are experts at matching technology to individual requirements and work closely with Riviera's design team and Riviera's global Dealer Network to create systems that maximise your pleasure and safety.

GENUINE PARTS | ACCESSORIES

A passion for quality and good design steers everything we do at Riviera – and this is reflected in our exclusive range of clothing, accessories and decor items. If you love your Riviera, you'll feel at home with the Riviera Collection: casual yet stylish, comfortable, practical and made to withstand the rigours of boating life.

The Accessory and Decor Collection ranges from a storm jacket to stylish crockery. To make your luxury Riviera or Belize truly your own, we offer a wide choice of fabrics, finishes and color schemes that allow you to customise your yacht. Of course, we also have experienced designers who can advise and assist with your individual selection.

It is a real pleasure to own and use things that are aesthetically pleasing, work well and last – and because it is only appropriate that such qualities are found on board a Riviera, we supervise each individual interior scheme from creation to installation.

Riviera has the total leisure and style solution.

## THE RIVIERA EXPERIENCE

When you buy a Riviera, you are really joining a family.

Indeed, this "Riviera Experience" is something we take very seriously and value very highly – we believe our core duty is to help owners of our world-class, Australian-built luxury motor yachts to achieve *the ultimate boating experience*.

So you can imagine how proud we are that this commitment is something highly valued by members of our Riviera "family" of owners too.

With exclusive invitations to special adventures, social events and educational workshops, the "Riviera Experience" runs much deeper than owning a striking, sophisticated and stylish motor yacht which not only looks a cut above the rest but also delivers in terms of superior sea-handling and innovative on-board technology.

Perhaps our passion is best reflected in the words of our Riviera owners:

*"I had not even turned the key on my new 445 and I already felt part of the Riviera family. I've owned a number of boats and maybe I'm a slow learner ... I should have bought a Riviera earlier!"*

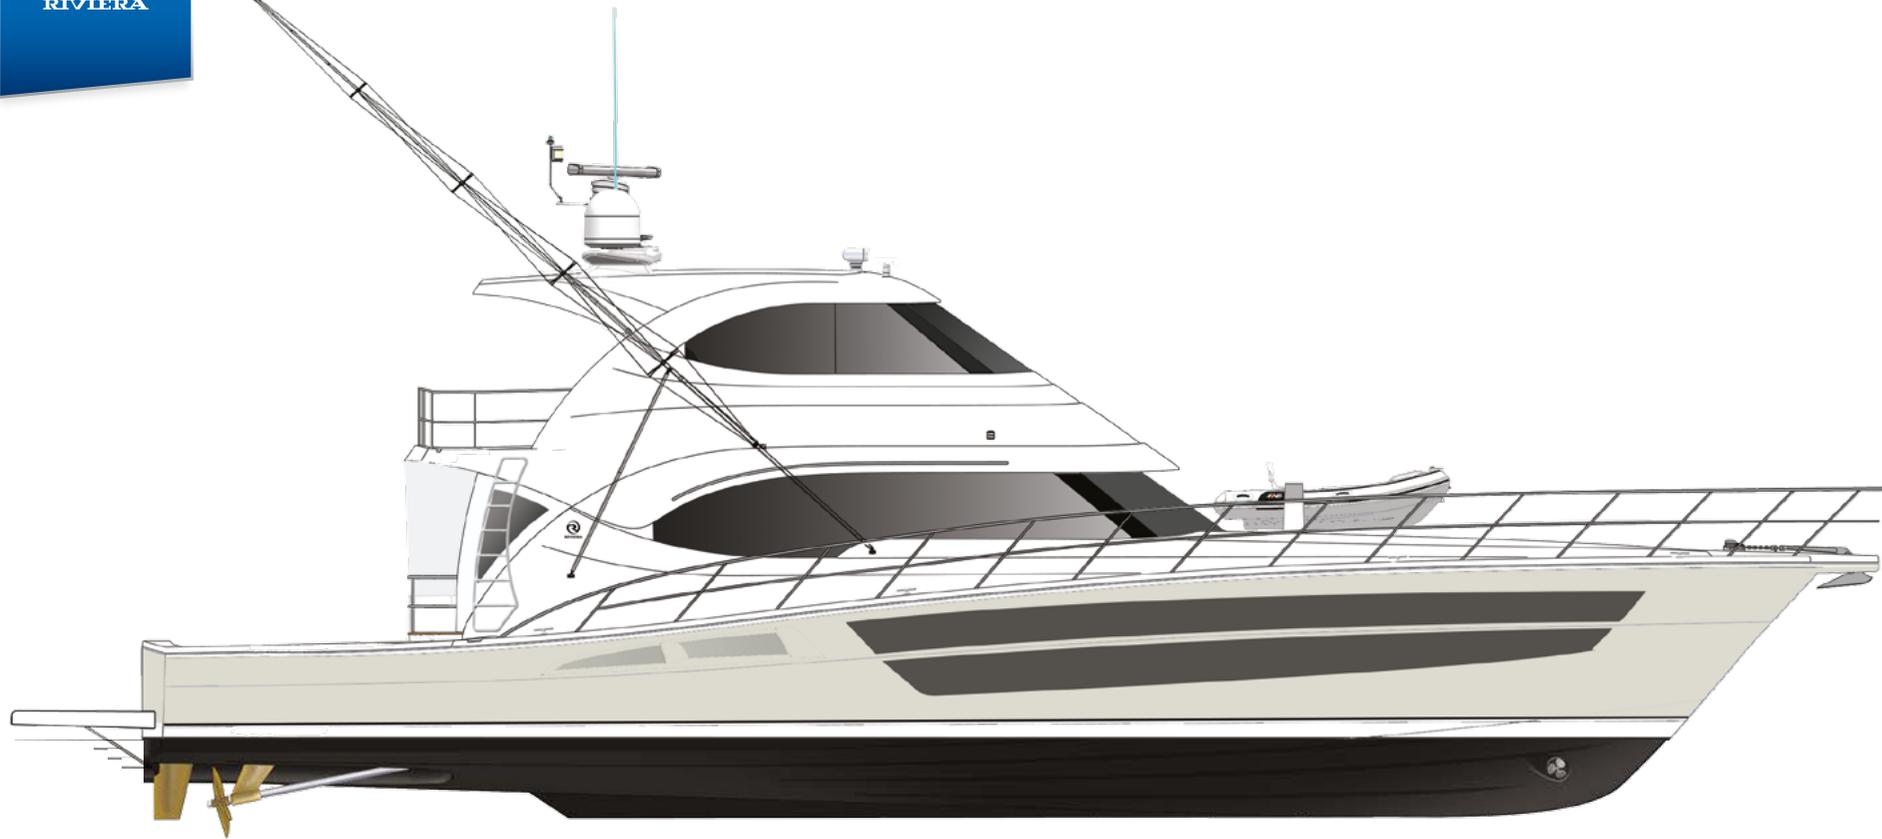

*"We really enjoy coming together as the Riviera community. We've been on a couple of the Experience trips and there's a real safety aspect of going offshore and being around other Riviera owners, who know their boats and your boat too."*

And one more ...

*"Riviera goes over and above all expectations to make sure owners enjoy a great experience for the entire life of their boats. That lifelong commitment is something that really makes a difference."*

Yes, they are glowing endorsements and they are all from long-time Riviera owners who share something unique – they share the truly unrivalled "Riviera Experience".

## 77 Enclosed Flybridge

### SPECIFICATIONS

Bridge Clearance	5.80 m	19' 0"
Standard Engine Man 2862 LE476 x 2	1,397 kW	1,900 hp each

#### Riviera Clarification of Specification

\*Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, eg. pulpits, outriggers, driving platforms, rubbing strakes.

\*\*Dry weight represents the estimated minimum weight of a boat with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

\*\*\*Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to boat trim and sea state.

Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Refer to your Riviera Owner's Manual and your Dealer for height to hardtop and maximum height details.

The specifications in this document are not complete or definitive and are subject to change without notice and therefore may not be current. Riviera will not be liable (in contract, tort or otherwise) for any loss resulting from the inaccuracy of any information contained in this document.

Specifications may vary on a regional basis. Some images in this brochure may include non-standard or after-market options.

#### Warnings

Riviera is committed to building the best luxury cruisers, tailored to suit specific countries and their individual compliance laws and regulations. Riviera equipment and build specifications approved for one country may not be compliant with another country's safety and equipment regulations and as such those cruisers may have no recourse to Riviera extensive manufacturer's warranties.

Each country and State has different safety equipment standards.

It is important that you ensure the requirements in your jurisdiction are met prior to the vessel being used.

Our PASSION  
To create the *ultimate*  
boating experience.
