TRUE LUXURY

IS THE PLEASURE

OF CHOICE.

CUSTOM LINE

Lovers of the sea, seekers of perfection with clear ideas about sea-going style – these are the yacht owners the Ferretti Group has set its sights on since 1996 with Custom Line, the brand of fibreglass maxi-yachts over 37 metres that offer owners a unique chance to personalise their craft in line with their own tastes and expectations. The first decision to make is regarding the cruising concept as there is a choice of two fleets: planing and semi-displacement (Navetta) to suit your preference for cruising in the fast or slow lane. Then the different volumes provide the chance to satisfy specific needs for space, onboard lifestyle and privacy. Every last detail of the design is lovingly cared for thanks to the synergy generated by the partnership between external design studios and the Ferretti Group team of engineering and architects. The in-house designers work with the owner to set the style of the interiors. This exciting process starts in in the exclusive showroom, a genuine chamber of dreams where you can select the fabrics, wood and finishes for your handcrafted and tailor-made design to make your unique sea-going dream come true.
